## ■ CRAFTING YOUR VISION

Our frames are built from lightweight yet robust aluminum extrusions and connectors, forming the core structure. These extrusions come in diverse shapes and sizes, offering flexibility in design.

**MODCO**  
MODULAR DISPLAY SYSTEM

## ■ ORIGINS

The system arose from a need for flexible exhibit design alternatives to traditional stick extrusions. Stick extrusions demanded much labor and time for assembly, restricting design flexibility and adaptability to different booth sizes. Modular frames, with lightweight aluminum framing and built-in connectors, solved these issues by enabling quick assembly and disassembly without specialized tools.

A close-up photograph of a modular aluminum framing system. The structure is composed of several white-painted aluminum extrusions. Each extrusion has a series of evenly spaced, circular holes along its length. The beams are connected at right angles to form a rectangular frame. The lighting is bright and even, highlighting the metallic texture and the precision of the manufacturing. The background is a plain, light-colored surface.

**Modco frame systems offer the world of exhibit construction a modular aluminum framing solution.**

Break up the monotony and add some visual flair to your exhibit booth with our curved frames. Draw more attention to key areas of your booth to make it feel more dynamic and modern.

# EXHIBIT EXCELLENCE

# MODCO

## 10 x 10 CONFIGURATIONS

Modco Modular Display 10 x 10 booths are three-dimensional pre-designed exhibit configurations. Stylish and lively, these compact builds are exceptionally suited for tight floor spaces. Accessories such as shelves, lights, and countertops are available.

# MODCO

## 20 x 10 CONFIGURATIONS

20 x 10 booth spaces are the most popular due to the open spacious area. Our Modco 20 x 10 configurations are designed for free flowing traffic of guests while maintaining a beautiful exhibit space that continues to impress the crowds.

# MODCO

## LARGE CONFIGURATIONS

A larger exhibit booth offers you ample space to showcase your brand, products, or services effectively. With room for custom displays and interactive experiences, you can attract more attention, host live presentations, and engage with visitors on a deeper level. The extra space also provides flexibility for networking and one-on-one interactions, enhancing your visibility and impact at the trade show.
